

**Adventure Christian School Athletics**

The mission of ACS athletics is to utilize sports as a vehicle to enhance a personal relationship with Jesus Christ, and to lead by example through our actions, words, and behaviors in accordance with 1 John 3:18.

**Sportsmanship**

Adventure Christian School places an extremely high value on sportsmanship. Winning without exemplifying the attitude of Christ is no win at all. Likewise, a loss on the scoreboard is a victory if each minute was played while exhibiting sportsmanship, courage, and a loving attitude.

Helping students to grow in Christ is central to ACS, and we can use sports to help develop and nurture Christian character. If you choose to participate in a sport, or represent us as a spectator at a sporting event, we expect that character to be on display at all times.

**Academics and Behavior**

The students at Adventure Christian are followers of Christ first and foremost, and students second. Showing character and growth in both areas allows for the privilege of participation as an athlete. Athletic participation will require that students have solid attendance, a minimum of a 3.0 grade average, and no disciplinary issues.

**Parents**

We are ever grateful for the parental support that we receive at Adventure Christian School. Though not on the field, parents are as much a part of this athletic program as everyone else. We are so thankful for the manner in which you continuously model Christ-like behavior for your children at all sporting events. If you are available as a parent to drive multiple athletes to or from an event, please let the coach/es know as soon as possible. We rely on our parents for transportation, and want to make that process as painless as we can. Please also understand that while coaches will do their best to ensure equal playing time for everyone, circumstances such as academic performance, disciplinary issues, not having proper uniform or athletic attire, and not attending practice can and will have an effect on time played.

**Acknowledgement**

We ask that both the student athlete and a parent sign and return this bottom portion to the team coach. We are so happy that you are ready to be a part of Adventure Christian School's athletic program, and we look forward to serving you!
